

# Montana Healthcare Programs Outpatient Prospective Payment System Procedure Fee Schedule Explanation

Effective October 1, 2020

Montana Medicaid Conversion Factor = \$56.64

## Definitions:

### Description:

Procedure code short description. You must refer to the appropriate official CPT-4, HCPCS or CDT-5 coding manual for complete definitions in order to assure correct coding.

### Method:

Source of fee determination

**APC:** Based on APC assigned weight x Montana's conversion factor. Pricing is affected by modifiers as listed in the provider manual. Procedures paid by APC method that have a zero fee are either bundled or not covered services. (See the Status Indicator)

**APC/Charge Ratio:** Based on APC designation as pass-through. Paid at the provider specific Medicaid cost to charge ratio for outpatient services.

**Fee Schedule:** Medicaid fee for listed code. Codes noted as "not allowed" will cause the claim line to deny.

**Medicare:** Medicare-prevailing fee for listed code. Laboratory services are paid at 62% of listed fee for sole community hospitals and at 60% for others.

**Charge Ratio:** Equals a percentage of billed charges; percentage depends on provider type and service/supply. For outpatient hospital services, providers are paid their current Medicaid cost to charge ratio for outpatient services.

**Inpatient Only:** These services are not payable in an outpatient setting

**Not Allowed:** These services are not payable

**Bundled/subject to separate payment criteria:** Services may be packaged in certain instances. These services will have a fee listed but may only be payable if specific criteria are met.

\*If a valid, current code is not present on the fee schedule(s) that code may be a non-covered service

### Indicators:

- C** Inpatient services that is not payable under OPSS
- E** Not allowed under Outpatient
- G** Pass through drugs and biologicals
- H** Pass through devices that are paid by report
- K** Drugs and biologicals paid by APC
- M** Montana Medicaid specific fee
- N** Services for which payment is packaged into another service or APC
- Q** Montana Medicaid Laboratory service

- R** Blood and blood products
- S** Significant procedures that are paid under OPSS but to which the multiple surgery reduction does not apply
- T** Significant services that are paid under the OPSS and to which the multiple procedure payment discount under OPSS applies
- U** Brachytherapy Sources
- V** Medical visits (including clinic or emergency department visits) that are paid under OPSS
- X** Ancillary services that are paid under OPSS
- Y** Montana Medicaid fee for Physical Therapy, Occupational Therapy or Speech and Language Therapy services

Some procedures may have a variable status dependent on if they are provided with other billable services. These codes are listed on the fee schedule as status N (bundled) but will have an APC and price shown.

### **PA:**

Prior Authorization

- Y:** Prior authorization is required by this code
- NA:** Prior authorization not required for this code

**Note: Effective April 23<sup>rd</sup>, some prior authorizations have been suspended during the COVID-19 pandemic. The PA column has been removed temporarily. Please reference this provider notice for additional details:**
