

Medicaid Youth Mental Health Fee Schedule

Proposed July 1, 2025

I. Practitioner Services

Mental health practitioners include physicians, licensed professional counselors, licensed psychologists, licensed clinical social workers, licensed marriage and family therapists, and advanced practice registered nurses with a clinical specialty in psychiatric mental health nursing. Practitioners bill using standard Current Procedural Terminology (CPT) procedure codes and are reimbursed according to the Department's RBRVS system. The conversion factors for mental health services and physician services can be found in Administrative Rules of Montana (ARM) [37.85.105](#).

The current RBRVS fee schedule is available on the [Montana Healthcare Programs Provider Information Website](#).

Youth may receive a combined total of 24 sessions per state fiscal year (July 1 thru June 30), without having a Serious Emotional Disturbance (SED). Additional sessions must be medically necessary, and youth must meet SED criteria.

It is the responsibility of all providers to be familiar with the [Children's Mental Health Bureau \(CMHB\) Medicaid Services Provider Manual](#), adopted and incorporated by reference in ARM [37.87.903](#), which includes medical necessity criteria, clinical guidelines, and prior authorization information.

Distance providers should submit claims for telehealth services using the appropriate procedure code and modifier for the service. Telehealth guidelines are available in the [General Information for Providers Manual](#).

Children's Mental Health Medicaid services do not require co-pay.

II. Acute Inpatient Services

Acute care hospital services will be reimbursed for Medicaid beneficiaries under the Montana Medicaid program's All Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement system.
