FQHC and RHC Providers

Reminder

REISSUED

FQHC and RHC Fee Schedule Reminder

As a reminder, Federally Qualified Health Center (FQHC) and Rural Health Clinic (RHC) providers are to reference the Outpatient Prospective Payment System fee schedule (OPPS) when determining if a code is allowable or not allowable. The OPPS fee schedule can be located under the Outpatient Hospital provider page on the Montana Healthcare Programs Provider Information website.

If a code is not allowable on the OPPS fee schedule, it is not a reimbursable service for an FQHC or RHC provider, regardless as to the type of service. Please keep in mind that the OPPS fee schedule is updated on a quarterly basis and reimbursement for most FQHC and RHC services is at the all-inclusive rate.

FQHC and RHC providers that are approved by the department as Promising Pregnancy Care providers are to still reference the FQHC and RHC fee schedule, as the Promising Pregnancy Care service is the only service that applies to the FQHC and RHC fee schedule.

All FQHC and RHC services should be submitted on a UB-04 claim form, unless the services are rendered in a hospital setting.
