Indian Health Service/Tribal 638 Providers

Effective Retroactively to December 7, 2021

New Medicaid Reimbursement Opportunity for Substance Use Disorder and Mental Health

The Department of Public Health and Human Services (DPHHS) has created a new opportunity for IHS and Tribal 638 providers to bill for group therapy services through the Montana Medicaid IHS/Tribal State Plan at the All-Inclusive Rate (AIR).

The new revenue code now covered is:

Revenue Code	Explanation
915	Group Therapy (SUD or Mental Health)

The addition of this revenue code allows for a SUD or a Mental Health group therapy session to be billed on the same day as an individual therapy session.

The billable revenue code for this service has been added to the Indian Health Service fee schedule, which is on the Provider Information website, <https://medicaidprovider.mt.gov>.
