Provider Enrollment

Montana Healthcare Programs Provider Enrollment

Individual Providers

Montana Medicaid has three enrollment types for individual providers:

- · Sole Proprietor Provider
- Rendering Provider
- Ordering/Referring/Prescribing Provider

These enrollment types have different functions and requirements.

Sole Proprietor Provider

A provider who owns their own business and the associated tax ID.

They will be used as the pay-to provider on a claim, and they are the direct recipient of payment from Montana Healthcare

This enrollment type is appropriate for individuals who own their own practice and do not employ other individuals. Provide organization and be used as a rendering provider on the organization's claims. However, they do not need to add a location to their sole proprietor enrollment for the other organization whom they are working.

Individual providers who are sole proprietor providers are not allowed to share a tax ID with an organization NPI or another individual NPI. Any individual providers curren enrolled under a shared tax ID with an organization or individual would need to be disenrolled and reenrolled.

The options for re-enrollment would be:

- . As an individual sole proprietor provider under their SSN or a private practice tax ID
- As a Rendering only provider.

If your individual sole proprietor provider is due for revalidation and shares a tax ID with an organization or another individual NPI, refer to the instructions above.

Revalidations submitted for a sole proprietor under a shared tax ID will be denied. The submitting party will be notified of the denial and provided instructions on how to disenroll and re-e

Rendering Provider

The individual who sees patients directly but works for a group, clinic, hospital, or other organization.

They are only used as a rendering or attending provider on a claim under an organization's NPI. They do not receive payments directly from Montana Healthcare Programs. Rendering p are not enrolled under a tax ID as they do not own one. Claims are used to associate the rendering provider to an organization. Rendering providers can practice at multiple locations. The enrollment type is appropriate for individuals who are employed by at least one organization and who are not expecting direct payment from Montana Healthcare Programs.

Ordering/Referring/Prescribing Provider

This provider does not bill for services and is not listed as a rendering provider on a professional claim.

Enrollment Support Information

Claim Jumper Registration

The *Claim Jumper* is published on or near the last day of each month. Registering your email will allow you to receive the publication directly to your inbox as well as occasional announcements applicable to most providers. Your email will not be shared or sold at any time.

To Subscribe:

- . Enter your email in the box below
- On the next screen, confirm your email
- · You will begin receiving the Claim Jumper on the next publication date.

To Unsubscribe:

- Enter the email address receiving the Claim Jumper in the box below.
- On the next screen choose "Subscriber Preferences".
- On the next screen choose "Check to Delete" Then "Submit" You will be immediately unsubscribed.

Training for Caregivers of Those with Dementia

Caregivers of people with Alzheimer's disease and related dementias often experience unique challenges.

The Office for the Study of Aging Arnold School of Public Health University of South Carolina is offering a 5-module training course designed to educate caregivers (formal as well as informal) for person who exhibit signs and symptoms of Alzheimer's disease and related dementias (ADRD).

These modules cover valuable information and contain recommendations including an overview of dementia, effective communication strategies, understanding the environment, and ways to promote independence. The modules also cover how to address challenging behaviors and creative problem solving. Dementia Dialogues is offered nationwide.

More information can be found on the Office for the Study of Aging website.

Questions?

Submitting Adjustments

When should I request an adjustment?

- Claim was overpaid or underpaid.
- Claim was paid but the information on the claim was incorrect (e.g., member ID, provider number, date of service, procedure code, diagnoses, units).
- Individual line is denied on a multiple-line UB-04 claim. The claim must be submitted
 as an adjustment rather than a rebill.
- Note: when doing an adjustment for rate changes, bill for the new total amount not the difference between prior payment and new rate amount.

Adjustment Requirements

- Adjustments may be submitted electronically or using Individual Adjustment Request (IAR) form. (Electronically is more efficient and reliable)
- Only be submitted on paid claims; denied claims cannot be adjusted.
- Always use most recent paid ICN on adjustments.
- Always require a remit from the paid claim.
- Claims Processing must receive individual claim adjustments within 15 months
 from the date of Payment. After this time, gross adjustments are required via
 DPHHS.

Using the IAR form

- Separate adjustment request form for each ICN.
- If correcting more than one error per ICN, use only one adjustment request form and include each error on the form.
- If there is not enough space on the form to detail the corrections needed, use box 8 to indicate processed attached claim and attach a new claim to the IAR form.
